POTION

SPECIALTY COFFEE BLEND

Roast

Notes

Candy, Berries, Love

Back by popular demand, our new and improved Limited Edition Potion Blend is bursting with berry-like acidity, showcasing the bold, untamed character of a natural Ethiopian coffee, balanced by the soft sweetness of Colombia. Juicy fruit notes take the lead, supported by a smooth, rounded body that keeps the cup grounded and clean.

With milk, the sweetness shines while the fruit cuts through beautifully, delivering a vibrant yet polished espresso experience.
